STANFORD, KY., TUESDAY, MAY 8, 1906.

NO. 15.

Here and There.

Fire in the wholesale section of Knoxville, Tenn., caused a loss of \$300,000. Frankfort is looking forward to the annual State meeting of the Red Men to-day.

Twenty-one students at Butler College, Indiana, have been suspended for throwing water on one of the professors.

H. L. Whaley, of New York, a salesman, is under arrest, charged with raising a city warrant from \$3. to \$359,000.

The Kentucky State Guard has been invited to participate in the regular army school of instruction to be held at Indianapolis from August 1 to September 31.

W. Godfrey Hunter, Jr., son of the former Congressman and Minister to Guatemala, was sent to the city workhouse at Lexington to pay a fine of \$4 for drunkenness.

Henry G. Goll, former cashier of the First National Bank of Milwaukee, who was indicted for misapplying funds, was sentenced to 10 years at Fort Leavenworth prison.

All the clerks in the employ of the Mutual Life Insurance Company have been summoned to appear before the special grand jury which convenes in New York to-morrow.

The Panama Canal Company had 27,000 employees on its rolls during the month of April. The number of men at work exceeds by 9,000 the greatest number the French company ever had in its employ.

MATRIMONIAL.

Waldorf Astor and Mrs. Nannie Langborne Shaw were married in London. The fathers of the contracting parties were too ill to be present.

Mr. Owen Durham, of Lancaster, and Miss Minnie Mattingly, were married at the home of the bride's parents, Mr. and Mrs. Robert Mattingly, near Springfield, Rev. W. H. Williams performing the ceremony.

Fortunate Missurians.

"When I was a druggist, at Livonia, Mo.," writes T. J. Dwyer, now of Graysville, Mo., "three of my customers were permanently cured of consumption by Dr. King's New Discovery, and are well and strong to-day. One was trying to sell his property and move to Arizona, but after using New Discovery a short time he found it unnecessary to do so. I regard Dr. King's New Discovery as the most wonderful medicine in existence." Surest Cough and Cold cure and Throat and Lung healer. Guaranteed by Penny's Drug Store, Stanford, and Lyne Bros., Crab Orchard.

The newspaper men of Kentucky were never bound so closely together as now, and when their proposed warfare on cheap john politicians and burling legislators begins, you may look for a rattling of dry bones the like of which has never been witnessed. Instead of serving as the door mat of the community, as in former years, the newspaper men of Kentucky to-day are the most independent set of professional men in the State. They think and act for themselves, and are led by the nose by no man or set of men.—Lancaster Record.

Devil's Island Torture

is no worse than the terrible case of Piles that afflicted me 10 years. Then I was advised to apply Bucklen's Arnica Salve, and less than a box permanently cured me, writes L. S. Napier, of Rugles, Ky. Heals all wounds, Burns and Sores like magic. 25c at Penny's Drug Store, Stanford, Lyne Bros., Crab Orchard.

Mrs. Lavina Foy, who died recently in New Haven, Conn., at the age of 93, was reputed to be the inventor of the modern corset. She left \$2,000,000. It pays even to furnish the women even artificial buggers, it seems.

The Wild Man of Borneo.

This fine thoroughbred horse whose name is a misnomer, for a milder, gentler, safer horse never wore harness will be permitted to pay his devotees to females of the equine genus for \$10 to insure a living colt. Sire, Ort Davis, Jr., 3d sire Ort Davis, Sr., 3d sire General Thompson, of Mercer, who made his owner, Judge McLean, \$100,000. This information from the celebrated turfman, Col. J. W. G. A Mercer county man ever raised in Mercer county. His dam was the celebrated trotting mare, Marie Antoinette, owned by Hon. W. H. Miller, when he was county attorney. The Scraglio at the "Kennedy Barony," three miles from Crab Orchard, on the Lancaster pike. This stock of horses requires no breaking! Also the Volcano de Martinique will be on the same magnificent farm at the mansion in the Forest, but will not be permitted to deviate from his course across the pole of Tantalus, for less than \$50. His dam, the Wild Zingarella, unrivaled in her peerless beauty.

"The Wild Man of Borneo" is a beautiful bay, with two white hind feet. Volcano de Martinique is a raven black, with four white hocks and is perhaps the most beautiful horse in Lincoln county.

FOUNTAIN FOX BOBBITT. The "Pike of Crab Orchard," requests that I insert a line that he, too, will be found grazing in his "Harlem" on the same farm and will comply with any demands made upon his royal bovine highness, for \$1 consultation fee. BOBBITT & KENNEDY.

Parties who know, say that it is impossible to buy whisky or beer in Lancaster now, the new officers having put the lid on so securely that the blind tigers are afraid to make a move. Each of the local druggists refuse to take out license, although they have a right to sell.

The city council has appointed Mr. Herron, of Harrodsburg, as policeman to fill the position held by George Pollard, who was killed court day. Herron comes recommended as a fearless man and it is believed will accomplish much toward breaking up the blind tigers.

Denny and R. L. Davidson are back from a trip to Martinsville, Ind.

It is Dangerous to Neglect a Cold.

How often do we hear it remarked: "It's only a cold," and a few days later learn that the man is on his back with pneumonia. This is of such common occurrence that a cold, however slight, should not be disregarded. Chamberlain's Cough Remedy counteracts any tendency of a cold to result in pneumonia, and has gained its great popularity and extensive sale by its prompt cures of this most common ailment. It always cures and is pleasant to take. For sale by Dr. W. N. Craig, the popular druggist at Stanford, Ky.

The mother of Gen. Percy Haly died in Frankfort. She had been an invalid for many years, and was one of the best known women in Frankfort.

NEWS NOTES.

The property losses caused by the San Francisco disaster are now estimated at \$350,000,000.

Walter Scott was instantly killed and Robert Jones was fatally injured by the explosion of a boiler at a sawmill in Rowan county.

H. M. Dalton, one of Hopkinsville's most prominent business men, was probably fatally wounded by the accidental discharge of a revolver.

Walter Geers, a son of the well-known driver, Ed Geers, was killed by a thrown ball during a baseball game in Columbia, Tenn., where he was attending school.

President Roosevelt sent a special message to Congress suggesting the adoption of formal resolutions of thanks to foreign countries for their prompt offer of aid for the San Francisco earthquake sufferers.

The T. P. A. convention, in session at Paducah, voted to hold the next convention in Louisville in 1907. One hundred dollars was voted for the relief of the members of the T. P. A. who may have suffered in the San Francisco disaster.

The damage suit of Earl Woodford against H. B. Scrivener, a merchant of Winchester, and former Sheriff Woodson McCord, resulted in a \$250 verdict. Woodford asked \$5,000 damages for a horse-whipping which Scrivener gave him for an alleged insult to the latter's wife.

James C. Rogers, who was appointed receiver for the American Reserve Bond Company by Judge Parker, of the Fayette Circuit Court, left for Chicago to take charge of the company's affairs there. Rogers gave a bond of \$300,000. President Smith Bowman says the concern will be able to pay dollar for dollar.

The monthly statement of the public debt shows that at the close of business April 30, 1906, the total debt less cash in the treasury amounted to \$984,413,247, which is an increase for the month of \$2,789,809. As this is nearly seven millions less of deficit for the corresponding month in 1905, the administration is tickled to death, though why we should be constantly running in debt these piping times of peace is strange to the uninitiated.

There will be no strike of the miners in the anthracite coal fields, providing the operators will agree to give every man his old place and reinstate those who have been dismissed because they obeyed the suspension order of John Mitchell. This was the agreement reached at Saturday's session of the Scranton convention. The convention did not adjourn, however, President Mitchell requesting that the delegates remain in Scranton until the Scale Committee reports the results of its meeting with the operators, which was held in New York yesterday.

President Roosevelt transmitted to Congress the report of James R. Garfield, Commissioner of Corporations, giving the results of his investigation of the subject of transportation and freight rates in connection with the oil industry. In his message the President expresses the view that the report is of capital importance because of the effort now being made to secure such enlargement of the powers of the Interstate Commerce Commission as will confer upon the commission power in some measure adequate to meet the needs of the situation. The statement is added that the Department of Justice will take up the question of instituting prosecutions in at least certain of the cases, and the hope is expressed that Congress will enact into law the bill of Senator Knox to correct the interpretations of the immunity provision rendered in Judge Humphreys' decision.

CORNS CURED.—Corn Exit will positively remove corns in four days. The treatment is simple and pleasant and we absolutely guarantee to refund the money to each and every customer whose corns are not promptly removed with entire satisfaction. A bottle of this great preparation only costs 15 cents and nothing if a perfect cure is not speedily effected. G. L. Penny, druggist, Stanford, Ky.

Nervous School Children.

Statistics gathered by various School Boards, show that a large percentage of school children suffer from different forms of nervousness, mild or exaggerated. Some showed a tendency to melancholy, others mental depression, and many the nervous twitchings of mild chorea, or St. Vitus' dance. Most of these troubles can be overcome by proper food, sufficient sleep, and Dr. Caldwell's (laxative) Syrup Pepsin. It is a universal children's medicine, because, if good food is eaten, it insures that the food is properly digested and indigestion and nerve poisons properly thrown out. It is pleasant to take, and safe and sure in results. Try it. Sold by Penny's Drug Store, Stanford; C. W. Adams, Hustonville; at 50c and \$1. Money back if it fails.

No man in Kentucky more highly appreciates the work of the Master in the adorning of earth with flowers than our friend, D. C. Allen. He holds the violet as pre-eminent in the flower kingdom.

Rev. S. B. Lander has been chosen by the graduating class of the graded school to preach the baccalaureate sermon at the Christian church Sunday, May 20th. His subject will be "Vision Hours."

An elegant colonial veranda with concrete column bases has taken the place of the old one in front of the Emporium and adds much to the appearance of the building as well as comfort to the family.

Mrs. Alvin Goode, of Lexington, was the guest of Mrs. J. P. Goode. Mack Fair, of the firm of Fair Bros., Hartford, is visiting here. His father was a successful merchant of Middleburg for many years and no cleverer man lived than he.

Rev. S. B. Lander will preach in the McKinney Presbyterian church on the fourth Sunday in May at 8 p. m. and each fourth Sunday throughout the summer. All Presbyterians and other friends of the work in that community are urged to be present as important matters are to be attended to.

Judge Wm. Myers, John D. Burton and T. L. Carpenter were elected members of the board of education without opposition. The opponents of the school on former occasions made a bitter fight without satisfactory results and for the present at least, have withdrawn from the field. The work of repairing and adding to the old school building will begin as soon as the material can be gotten on the grounds.

Frye & Greening were awarded the contract for erecting the People's Bank building at \$3,650, same to be ready for occupancy July 1st. Work has commenced and the building will be a two-story brick 50x26 feet with all windows and doors arched with Bedford stone. The plan for the second story is a model of the modern flat and when completed will indeed be a credit to the town.

Rev. George O. Barnes, the famous evangelist, has been preaching in Alcorn's Opera House since last Wednesday to large audiences. On Sunday morning by invitation he filled the pulpit at the Christian church. He will probably not continue the meeting here longer than Wednesday evening. No one can hold an audience more spellbound than this distinguished octogenarian, who has traversed the globe in his work.

No Quarter.

The evils which always follow after indigestion, biliousness or constipation will give no quarter. Better fight them to a finish with Dr. Caldwell's (laxative) Syrup Pepsin. It is a weapon against these dangerous diseases, which will give you quick relief and permanent cure. Sold by Penny's Drug Store, Stanford; C. W. Adams, Hustonville, at 50c and \$1.
